

Your consent is required to receive the vaccine.

If you are currently undergoing treatment for a disease or have concerns about your health condition, please consult with your family doctor before deciding whether or not to receive the vaccine.

① Find a medical institution or mass vaccination site in the city

Please check the enclosed "List of Medical Institutions and Mass Vaccination Sites".

The latest information will be posted on the city website.

※ The vaccine is available at medical institutions or mass vaccination sites at the municipality (address) where your residency is registered. Please see the back side about vaccinations if you are hospitalized, admitted to a facility or live outside the address,

② Make a vaccine reservation

Without a reservation you cannot get the vaccine.

(1) Make a reservation on the Internet

You can find a medical institution or the mass vaccination sites where you can make a reservation on the Toda City website.

Flow of the day of inoculation

- ① Reception (Go to the medical institution or mass inoculation site where you have made a reservation.)
- ② Preliminary examination (There is a medical interview by a doctor)
- ③ Inoculation (Please come in clothes that make it easy to put out your shoulder)
- ④ Health observation (Wait for 15 to 30 minutes)

Precautions on the day of inoculation

• Check your physical condition before inoculation

Measure your body temperature at home before inoculation, refrain from inoculation if you have a fever or feel unwell and contact the medical institution directly where you have reserved an inoculation. In the case of having made your reservation at the mass inoculation site, please contact the Toda City Call Center.

• Inoculation is required twice

In order to obtain the full effect of the vaccine, it is necessary to receive the same type of vaccine twice at regular intervals. After the first vaccination, you can make a reservation for the second vaccination.

※The vaccines are made by Pfizer and Moderna. Please check the enclosed instruction manual.

※Please check the QR code on the right for the multilingual pre-examination slips and vaccine instructions.

◎Those who are hospitalized

➔ You may be able to receive the vaccine at a medical institution or facility where you are hospitalized, so please consult with the medical institution or facility.

◎Inoculation in a place other than the place where you hold a resident's card (Toda City)

- To receive a vaccine at a medical institution where you are being treated for an underlying disease

➔ Please consult with a medical institution.

- To those who live in other cities, towns and villages due to unavoidable circumstances * although you hold a resident card in Toda City

➔ When you want to receive vaccines in another municipality, please check with Corona Vaccine Navi or contact the consultation desk of the municipality where you live.

* Inevitable circumstances ... Single employees, pregnant women returning home, etc.

Corona Vaccine Navi

We are seeking “Corona Mottainai Bank(Vaccine Standby Wait List)” registrants for the corona vaccine.
